

Wavy is an elegant and spacious waste bin designed for public space recycling. WAVY's shape makes it flexible and easy to place – free-standing in a room, against a wall, around a pillar, or in a corner, either alone or in a group. The curved top creates a beautiful play of shadows, and when placed in groups, it forms a dynamic wave pattern. WAVY comes in a version with an open slot as well as with a swing lid designed for one-handed use. Perfect for those on the go with their hands full.

WAVY is made from robust steel sheets. The construction allows for easy disassembly and replacement of parts in case of damage or maintenance. WAVY's dimensions are optimized for resource-efficient and environmentally-friendly transportation. Order WAVY in your preferred RAL color and complete it with waste symbols for easy sorting

Sustainability and materials

- The modules are made from 20% recycled robust steel with long durability.
- Circular product: the modules can be disassembled and replaced, refreshed, repaired, renovated, and recycled.
- The steel body is made of parts that are joined with screws and can be separated when renovation is needed.
- Inner containers, combined with a raised base, allow for the use of paper bags.
- The inner containers and raised base are made from 100% recycled plastic.
- Wavy holds up to 85 L.

Frame: Powder-coated steel 1,5 mm.
Top/Flip lid: Powder-coated steel 2 mm.
Container & Base insert: 100% recycled ABS plastic

Wavy, Accessories

Product	Description	Size	Colour	Art no.
Container	Approx. 45L. Handle W80 x H30mm. Recycled ABS plastic 3 mm.	Ø320 x H650	Grey	36700103
Base insert	Insert with perforated grid Recycled ABS plastic 3 mm.	Ø240 x H100	Grey	36700203
Triangular key	Extra key for tops with lock.	W50 x H80	Silver	380810

Stackable container with handle.

Base insert is used as bottom insert in the container. The perforations allow airflow, reducing moisture buildup.

Add the base insert when using food waste bags as they often have a lower depth.

Triangular key

Wavy, How to change your rubbish bag

1.
Wavy frame with lid.

2.
Lift up the lid. (Lids with locks need to be unlocked before lifting.)

3.
Remove the rubbish bag from the bag holder and lift it up to facilitate emptying. If there is a risk of leakage, use inner containers.

Frame: Powder-coated steel 1,5 mm.
Top/Swing lid: Powder-coated steel 2 mm.
Container & Base insert: 100% recycled ABS plastic

Sustainability

QUICK INFO.

Content	Certification TreCe	Certification TreCe
Environmental, social aspects & quality	ISO 9001:2015	ISO 14001:2015
Country of manufacture	Recycled material	Recycled material
Sverige	Steel 20% recycled pre-consumer	ABS 100% recycled pre-consumer

EPD

Wavy also has an EPD certification, which provides a transparent and detailed report on the environmental impact of a product throughout its life cycle. It allows you to compare materials and make informed and sustainable choices. Check the full EPD here: [KLOSS - EPD](#)

SVHC/ECHA's candidate list

No chemicals included in ECHA's candidate list of SVHC may be contained in levels of >0.1% by weight in the components, parts or chemicals that are included or used in the manufacturing of the furniture/product. See <http://echa.europa.eu/en/candidate-list-table>

Metal

The metal meets the requirements in table 1. The frame consist of cold-rolled steel plate and are manufactured in Sweden. In the production of steel blank, 20 % recycled pre-consumer material is used together with iron raw material ore (80 %).

Table 1: Requirements metal

Requirements	Complies
Metal that will have prolonged contact with skin (e.g. armrests) must not consist of alloys containing nickel, chromium III or chromium VI.	X

Powder coating

Wavy is painted with powder coating which provides both environmental and quality benefits as no solvents need to be added and the amount of waste is very small. In addition, the powder coating gives a durable and stylish finish. Fulfilled requirements are shown in tables 2 and 3. Safety data sheets according to REACH CLP-regulation no1272/2008 are sent on request.

Table 2: Requirements surface treatment

Requirements	Complies
The content of aromatic solvents / hydrocarbons in surface treatment products / preparations may not exceed 1.0 % by weight.	X
Surface treatment with preparations containing VOC may have a maximum applied VOC component of 60 g / m ² for office / public / outdoor environment.	X

Tabell 3: Hazard class and hazard statement according to Regulation 1272/2008

Hazard category	Hazard statement according to regulation 1272/2008	Complies
Acute toxicity	H300, H301, H310, H311, H330, H331	X
Toxic to body organs	H370, H371, H372, H373	X
Carcinogenic	H350, H351	X
Mutagenic	H340, H341	X
Toxic for reproduction	H360, H361, H362	X
Allergenic	H334	X
Dangerous to the environment	H400, H410, H411, H412, H413 If the use of surface treatment products is required for technical reasons, products labelled as dangerous to the environment (H400, H410, H411, H412, H413) may be acceptable if the content of environmentally hazardous substance <14 g/per m ² of surface.	X
Hazardous to the ozone layer	H420	X

Plastic - Container and base insert

The container and base insert consists of 100% pre-consumer recycled ABS and meets the requirements for plastic, see Table 4. recycling, we have permanently marked the bottom with the plastic type according to ISO 11469.

Table 4: Plastic requirements

Requirements	Complies with
Plastic parts >50 grams are permanently marked according to ISO 11469	X
Free from PVC (polyvinyl chloride)	X
Phthalates/softeners with hazard statement H340, H350, H360 must not be actively added or the measured value per substance and detail must not exceed 0,1 % by weight.	X
Short-chain chlorinated paraffins (SCCPs) must not be actively added or the measured value per substance and item must not exceed 0,01 % by weight.	X
The following flame retardants have not been actively added or the measured value per substance and detail shall not exceed 0,1 % by weight.	
Polybromerade bifenyler (PBBs)	CAS-nr: 59536-65-1
Dekabromdifenyleter (dekaBDE)	CAS-nr: 1163-19-5
Pentabromdifenyleter (pentaBDE)	CAS-nr: 32534-81-9
Oktabromdifenyleter (oktaBDE)	CAS-nr: 32536-52-0
Tris (2,3-dibrompropyl) fosfat (TBPP)	CAS-nr: 126-72-7
Tris (1-aziridinyl)fosfin oxid (TEPA)	CAS-nr: 5455-55-1
Hexabromcyklododekan (HBCDD)	CAS-nr: 25637-99-4
Tris (2 kloretyl) fosfat (TCEP)	CAS-nr: 115-96-8
Tris(1,3-dichloroisopropyl)phosphate (TDCPP)	CAS-nr: 13674-87-8
No pigments containing arsenic, lead, cadmium, tin, chromium VI or mercury are actively added or that their content does not exceed 0.01% by weight measured value per item.	X

Table 5: Quality and general information

Recyclable	Yes, all parts can be recycled
Circular solutions (Repaint, repair, refurbish)	Yes, contact us for more information

Sustainability

***Warranty:** The warranty is valid from the delivery date of the product. Invoice/order number must be provided for the warranty to be valid. The warranty does not apply to products that have been stored or assembled incorrectly, used in an inappropriate or improper manner, altered in appearance/function or cleaned with an incorrect cleaning method or cleaning products. The warranty does not cover shipping damage, normal wear and tear, scratches, marks or damage caused by impact or accident. The warranty does not cover products that have been placed outdoors or in a damp environment, or products that have been used for purposes other than those for which they are intended.

For products intended for outdoor use, the above-mentioned humid environment does not apply, but the warranty period is halved for products installed within 200 metres of a coastal environment. The warranty does not apply to outdoor products that develop surface corrosion over time as this is purely aesthetic and can be corrected with touch-up paint.

General care instructions

Metal

Wipe with a slightly damp, soft lint-free cloth and mild detergent. Always wipe dry with a dry cloth. Never use solvents on painted metal nor any abrasive cleaners/ materials.
