

ETAGE MONTAGE

1. Lyft ur kärlen och placera ut Etage på vald plats

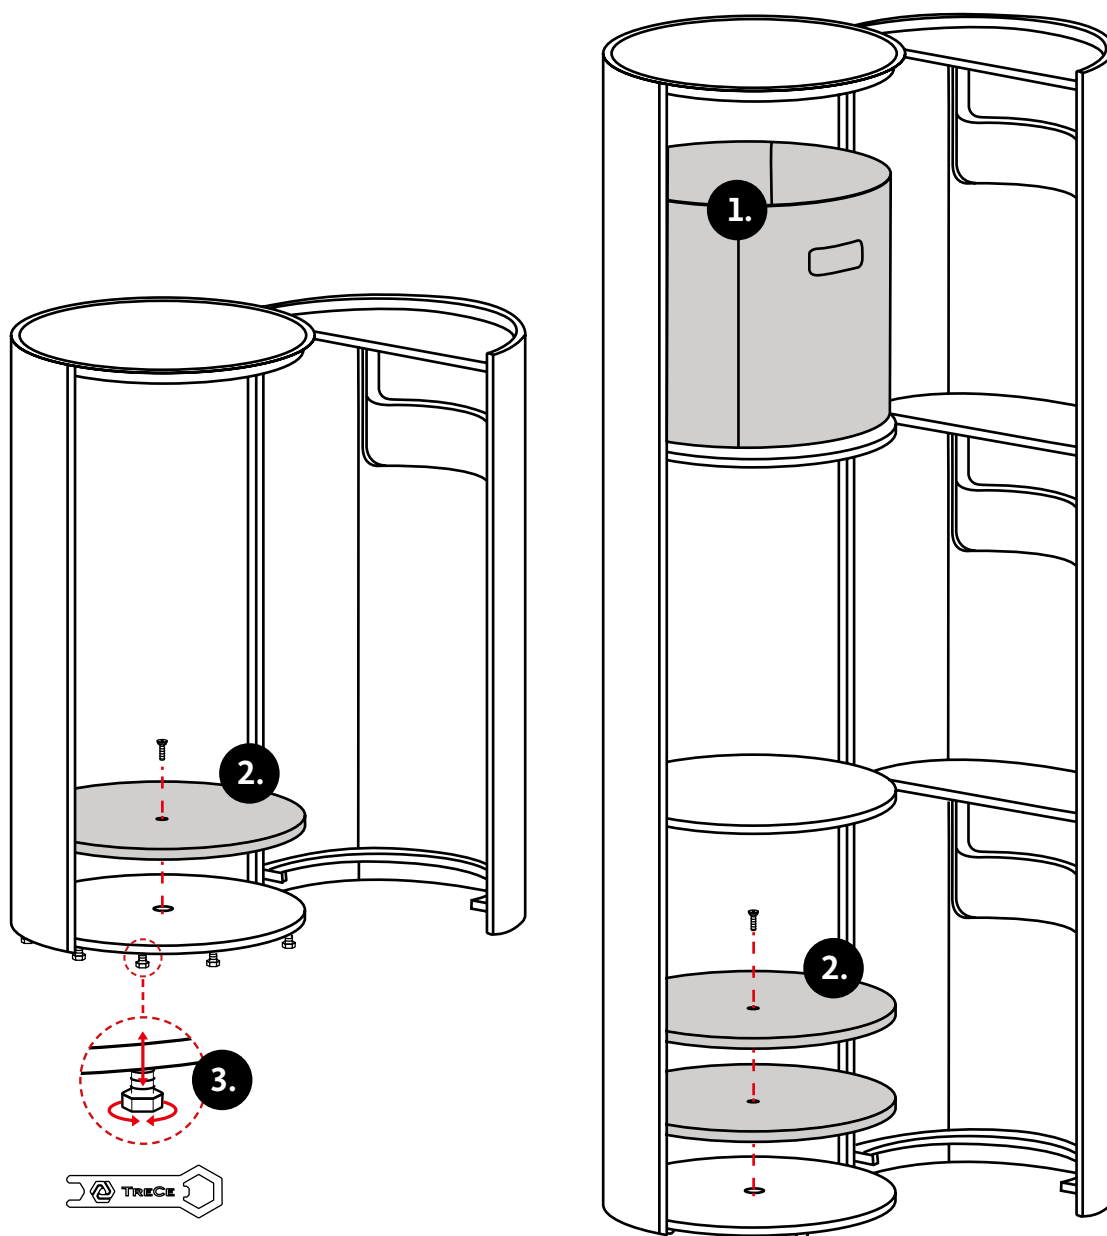

2. Placera viktplattorna i botten, skruva i medföljande skruv i hålet i mitten.

(2 st viktplattor i Etage 1730/1180, 1st i Etage 870/570)

3. Justera ställfötterna under bottendelen med medföljande nyckel så Etage blir vågrät, lyft sedan i kärnen.

ETAGE

ASSEMBLY

1. Lift out the containers and place Etagé in chosen location.
2. Place the weight plates in the bottom, screw in the enclosed screw in the hole in the centre.
(2 weight plates in Etagé 1730/1180, 1 in Etagé 870/570).
3. Adjust the adjustable feet (8psc) under the bottom part with the enclosed key so that Etagé is horizontal, then lift back the containers.
